## Shampoo and body wash

Delightfully Natural has formulated a two in one shampoo and body wash for your baby, this product is gently enough to be used on the whole body, being Sulphate and soap free it will not dry out baby's skin minimizing irritation, leaving your baby's skin and hair feeling soft.

Delightfully Natural baby product are formulated using ingredients that are derived from nature. Our products contain no **artificial fragrances, sulphate, petrochemicals, mineral oils, parabens, propylene glycol** or ingredients known to cause dryness and skin irritations.

We are aware that chemicals can impact on the health of our children and are committed to providing healthy alternatives for baby care to ensure the best start in life.

Our skin is the biggest organ of the human body.

Chemicals often found in mainstream creams and lotions may be readily absorbed through the skin and directly into the bloodstream. Therefore it is so important to offer your baby the very best by using only natural products on their skin and avoiding the use of harmful ingredients. Delightfully Natural baby products are suitable for most sensitive skins, including those affected by eczema and other skin irritations.

The Delightfully Natural baby range consist of six products; a two in one baby wash and shampoo , bath oil, massage oil, baby lotion, nappy balm and cradle cap oil. We believe that harmful chemicals may be detrimental to our children's health so why as a parent would you take the chance....

We want the best for you and your baby so checkout our full range of chemical free adult body and beauty products.
